

Golf Lakes Pickleball Club

Chairman's Message

January 2020

Hi Folks,

We are well into our winter league season with the regular league format and with the introduction of Ladies and Partner-Play, we now have a full schedule. We have more than enough to keep our league sub-committee busy and they are doing a splendid job! Looking forward to our first tournament and first social, our club is in good hands. This year is an election year for the GLPC Board and as such ALL positions are open on the Board. 3 members have already indicated they will not be seeking re-election, Mary, Sheila and myself. Our by-law requires that our election process has to be concluded by the last week of March therefore in order to fulfil the requirements of the by-law Mary will probably commence the process during the first week of March. The park runs on its volunteers please give serious thought to getting involved.

Phil Snape, Chairman.
