

Golf Lakes Pickleball Club

Chairman's Message

January 28, 2022

Dear Golf Lakes Pickleball Club Members:

Welcome to Pickleball 2022, we are back in full swing after a stressful year dealing with the virus.

The Pickleball Board met and approved a medical first aid kit to be used for emergencies on the court. Thank you, Nola for your help setting up the kit and donating supplies. The kit should be available the first week in February. It will be stored behind the bulletin board at the courts. In addition we are working with Pam to provide us with emergency medical guidelines for Golf Lakes.

Please note the AED Defibrillator is located on the side wall in the Fitness Center. Please make sure you know where it is located and your fob is required to get into the Fitness Center.

Wednesday's from 11:00 to 12:30 we are offering lessons to members who want to improve their basic skills and work on the strategies of the game. Special thanks to Janis and Kevin for their time and patience.

Upcoming events:

- **Pickleball Tournament Saturday February 19**
- **Sports Mixer Friday March 18**
- **Pickleball Coffee Hour, Saturday March 19**
- **Volunteers are needed for all events.**

Suggestions and ideas are welcome. Please contact any Board member.

Have fun, stay safe.

Bill, Chairman
