

Golf Lakes Pickleball Club

Special Announcement

March 14, 2020

To our Pickleball Family,

What can I say?! Robin and I have been overwhelmed by your concern and generosity! We have had wonderful meals since my surgery 10 days ago.

We not only enjoyed the meals but really appreciated your encouragement, phone calls, texts, visits and most of all your prayers.

I'm doing very well right now and hope to be walking without any aids in the days ahead. Pickle ball? Well that might be late summer.

Once again thank you all so much and may God bless you all especially in these uncertain times.

Love,

Robin and Terri Vinovich
